

## Oral Hygiene

We have our very own dental hygienists for cleaning and polishing teeth as well as providing advice on how to maintain good dental health and so prevent tooth decay and gum problems.

## Dental Care Plan

Our own membership scheme offers high quality care at affordable prices, offering 20% discount on most treatment prices.

## Consultations

Informal chats may be booked with our qualified dental nurses for free, no obligation advice on the services available, costs involved and how the procedures are carried out. This facility can be particularly helpful for nervous patients who prefer the relaxed informality of discussing dental treatment in our patient lounge rather than in the surgery.

## 0% finance available

Subject to conditions.

Dental professionals must be registered with the GDC and meet high standards. Find us on the register: [www.gdc-uk.org](http://www.gdc-uk.org)

## Tooth Whitening

Brightens using a gentle whitening gel which releases active oxygen into dentine and enamel.

## Lip Enhancement

Injection treatment for smoothing lines and wrinkles around the mouth, plumping up the lips or improving lip contours.

## Cosmetic Facial Treatment

Improve the appearance of eyes, skin and mouth using facial fillers and wrinkle smoothing injections, all carried out by Chris Bird, an experienced principal dental surgeon at this practice.

## Dental Implants

Dental implants are fast increasing in popularity for patients looking to fill gaps caused by missing teeth or end the misery of loose dentures. We have a wealth of experience in these procedures and our dental implants are very competitively priced.

## White Fillings

We use white fillings more commonly now for back teeth as well as those at the front of the mouth. Modern materials are much stronger and are virtually invisible.

## Crowns and Bridges

We offer the very latest in technologically advanced crowns and bridges providing the very best cosmetic results.
